

## Prayer of Gratitude

Dear God, today I ask for nothing.

All I want to do is just say thank you.

Thank you for today, thank you for journeying with me, thank you for listening to me and for carrying me through difficulties.

Thank you for healing me, for forgiving me and for giving me a sense of hope.

Thank you for putting up with me, for accepting me as I am and for allowing me to just be.

Thank you for my family, my friends and for the people who care in my life.

Thank you for being my light during the darker days.

Thank you for giving me a reason why.

Thank you for the opportunities that come my way even if I don't see them as opportunities at the start.

Above all thank you for loving me.

Your love means the world to me.

All I want to say today is Thank You!

Amen
